

## Fuel Economy: Test Data

Dynamometer test results of the Paice drivetrain in a 4,250 lbs. passenger sedan (e.g. Cadillac DeVille).

	<u>Conventional</u>	<u>Paice</u>
City Driving – FUDS cycle	19 MPG	38 MPG
Highway Driving – HWFET	33 MPG	54 MPG
CAFE	24 MPG	44 MPG

Test data has been used to set up modeling for additional vehicles such as SUVs.
